Regarding Information Technology Services (ITS) Sole Source Certification Number 4394 to provide the ADSi Records Management Software (RMS) Maintenance and Support for the Mississippi Department of Public Safety (MDPS), please be advised that no objections were received and pending successful contract negotiations, the award will be made to Application Data Systems, Inc. through June 30, 2022, in an amount not-to-exceed \$41,350.00. The State intends to competitively re-procure a Records Management Software System with maintenance and support by June 30, 2022. If the competitive procurement is not completed by June 30, 2022, then this Sole Source certification is valid until a new vendor is selected and implemented but shall not go beyond June 30, 2024 without a recertification.

Please be advised that ITS will determine if additional enhancements, upgrades, or support is within scope during the certification period and may increase the spending authority accordingly. Should Application Data Systems, Inc. change its name during this certification period, then ITS will determine if a recertification is necessary.
